

Title: A world study after 1900

Subject Area: History

Key Stage 3

NC link: 13

Learning Objective:

- A study of some of the significant individuals, events and developments from across the 20th century, including the 2 world wars and the impact on Britain and the wider world

Resources:

- Access to the internet for research.
- Access to individuals for example grandparents who may be able to describe events.
- A white board or OHP.

Starter

Explain how they are going to be researching the history of egg consumption, trade, production and the political, ethical and economical changes over the last century. On a white board discuss ideas and note key points on a spider graph.

Main Teaching Activity:

If appropriate split the class into groups to research around key areas such as; In the UK and worldwide,

- Egg production pre 2nd world war.
- Eggs during the 2nd world war, rationing, chicken keeping, preservation.
- Egg production post war- battery farming, emphasis on quantity to provide nutrition.
- Eggs and salmonella- Edwina Curry's remarks and their implications- the lion mark.
- Eggs and ethics- animal rights and battery farming- implications for 2007.

Plenary

- Share findings and discuss to create an overview.

Differentiation

Group accordingly.
